A stepping stone to upskill yourself transform yourself into the world of education to teach young minds.

About us

This program has been initiated to empower women. This program was inspired by a remark made by the extremely well-known Diane Mariechild: "A woman is the full circle. Within her is the power to create, nurture and transform".

Insignis collaborate with IPPTA to make IDEA which is looking at ways to give women an opportunity to break into the professional world of teaching. However, no work can be completed without training. Therefore, we offer the DECE course (1 year diploma course in Early childhood care and education).

Nursery Teacher Training program aims to prepare teachers for pre-primary schools so that they are equipped with all the required qualities. Develop an understanding of principals and processes of various aspects of child's growth and plan educational activities. Understand the necessary ability and attitude to acquire not only knowledge but also the basic skills of the profession.

Qualification: 10+2 or Graduate

Outcome: There are various course outcomes

- Nursery Teacher Training (NTT)
- Pre-primary and Primary Teacher Training (PPTC)
- Early Childhood Care and Education (ECCED)
- Many more.

- Attendees will be trained as pre-primary and primary teachers.
- Participants will be developed into early childhood educators.
- Trainees will be able to analyse in-school as well as out-of-school methods of education.
- Participants will be valued as centre managers due to the inclusion of management skills in the course.
